WHY the Y?

The Ann Arbor YMCA is a diverse association of men, women and children of all ages joined together by a shared commitment to nurturing the potential of kids, promoting healthy living and fostering a sense of social responsibility.

We believe that lasting personal and social change can only come about when we all work to invest in our kids, our health and our neighbors. That’s why strengthening community is our cause.

Every day we work side by side with neighbors across Washtenaw and Livingston counties, providing programs and services for all people who desire to participate, regardless of their financial situation. To do this we count on the generosity of our members and partners to keep our doors open through the Annual Campaign.

Our mission is to put Judeo-Christian principles into practice through programs that build a healthy spirit, mind and body for all.
