

As a previous YMCA camper, counselor and lifeguard, the Y has always played an important role in my life. As a Board member, my goal is to build on the strong connection I have to the Y and to make a meaningful impact on the community through youth development. In my day job, I provide audit and consulting services to both publicly-traded and privately-owned companies in a variety of industries including manufacturing, automotive, consumer products, construction, real estate and technology. My areas of expertise include strategic relationship development including key account development, white space sales and executing go to market initiatives.
