

Courtney Piotrowski's professional life is focused on her work as founding principal + landscape architect at livingLAB, a landscape architecture and planning studio focused on "impactful design for people and the environment". She is widely recognized for her unique ability to balance the art of design, the technical aspects of construction, and the emotion of planning public spaces and places. Courtney is a resident of the Old West Side of Ann Arbor, mom to Rory and Wynne, and partner to Chip Smith.
